This Addendum, issued to bid document holders of record, indicates changes to the bid documents for the *Vehicle Upfitting* Competitive Offer Opening June 29, 2023.

PLEASE SEE THE FOLLOWING QUESTIONS AND ANSWERS:

QUESTION: Can you provide photos and or documentation of all sides of an existing vehicle that the 3M Vinyl Graphics package needs to match?

ANSWER: See attached proof and photos.

QUESTION: For the Rear Window Lights is that one I2J and I2K for each side of the vehicle (Driver and Passenger) being installed in the rear storage area side windows? Just looking to confirm total quantity of each and mounting location.

Rear Window Lights

I2J Whelen ION DUO Light, Red/Blue

I2K Whelen ION DUO Light, Red/Amber

ANSWER: The rear window lights are in the rear window, not the side windows. One for each side in the rear as shown in the attached picture.

QUESTION: For the Tow Hitch section there are no specifics listed as to what class hitch and any trailer wiring connections that are required. Can you please provide more detail on what is expected?

Tow Hitch

Purchase and installation of Dodge Durango Tow Hitch

ANSWER: Class 3 tow hitch. We will need it to tow equipment trailers and boats. We use both 4 way flat and 7 way round wiring connections. We would like a dual output 7 & 4 way connector.

QUESTION: For the PWR-HARN item under power management can you please provide the vendor that part is manufactured by. I assumed AFS but I spoke to them yesterday and they do not have anything under that part number.

PWR-HARN Power Harness Package, Consisting of 4 Harnesses

1 Battery Hot Power Harness

1. Ignition Power Harness

1. Timer Power Harness

1 Vehicle Control Harness

ANSWER: Any vendor that meets the specifications is acceptable.

QUESTION: Do you have an example of the printed wire diagram from an existing vehicle that I could review so that we can ensure we are providing something similar in style?

Full and Complete Printed Wiring Diagram of ALL Emergency Wiring Circuits to be delivered with Each Vehicle. Diagrams to Show All Circuits Pertaining to the Entire Upfit, Running to and From All Equipment. (Delivery will not be accepted without it).

ANSWER: See attached example of wire diagram picture.
