The United States Department of Health and Human Services (HHS) recently published its annual update of the HHS poverty guidelines to account for increases in prices over the last calendar year as measured by the Consumer Price Index for All Urban Consumers (CPI-U). The figures on the chart represent 200% of the Federal Poverty Guidelines for a given family size, both by monthly and by annual income. These revised figures are effective June 1, 2014 through May 31, 2015.

The revised chart should be used when determining eligibility for programs funded through the provisions outlined in 00-LCM-20, *TANF Services for Individuals and Families with Incomes up to 200% of the Federal Poverty Level*. Please make sure that both district staff and contracted service providers are made aware of the revised chart.

No INF or ADM will be issued regarding this change.
