

ADDENDUM NO. 2

2014 - County Road 68 Bridge Rehabilitation

Essex County, NY

July 7, 2014

TO ALL HOLDERS OF BIDDING DOCUMENTS:

This Addendum, issued to bid document holders of record, indicates clarifications to the bid documents for the 2014 - County Road 68 Bridge Replacement project. All clarifications described herein shall be incorporated into the Contractor's bid proposal. This Addendum is part of the Contract Documents. Adjustments required by each item shall be understood to apply to all document references affected by the clarifications described.

1. **Regarding Drawing N-1: *Timber Deck Notes*** - After Note 24, ADD the following:
 - "25. The waterproofing membrane to be installed on the timber bridge deck below the asphalt topping shall be a butyl resin membrane bonded to geotextile fabric. The membrane shall be Conwrap CS-213 by Conseal Concrete Sealants, Inc., or approved equivalent. The membrane shall be placed over a clean, dry deck surface that has been primed with a water-based primer, as provided by the membrane supplier, suitable for use with the membrane and timber deck. The membrane waterproofing indicated for installation on top of the existing steel girders shall be the same membrane and primer system.
