Daniel L. Palmer
County Manager

Linda M. Wolf
Purchasing Agent

TO: All Bidders
FROM: Linda Wolf, CPA, Purchasing Agent
DATE: August 17, 2018
SUBJECT: Addendum #2 OIL TANK DECOMMISSIONING

This Addendum, issued to bid document holders of record, indicates changes to the bid documents for the *Oil Tank Decommissioning Bid Opening August 24, 2018*.

Please note the following clarifications:

- 1) The per drum pricing for residual material disposal is for residual materials in the tank and contaminated wash water, not for contaminated soils. Essex County will remove as much of the fuel oil as is possible. In addition, Essex County will be responsible for removal of and disposal of any contaminated soils or any other contaminated materials outside of the tank.**
- 2) Essex County will employ a third party service for soil testing in the event that contaminated soils are suspected or found. Therefore, strike the request for soil testing pricing from your proposal.**
- 3) The successful bidder will be required to provide Essex County with a closure report. Should soil test results be required for completion of said report, Essex County will provide the results.**
