

**Instructions for Completing the  
Universal Referral Form for  
Intensive Mental Health Services for Children  
Single Point of Access (SPOA)  
Essex County, NY**

**When to use this form**

If you would like a child (age 0 through 21) to receive the following intensive mental health services in Essex County, you must complete this form.

- ◆ Health Home Care Management and/or Home and Community Based Services (HCBS)
- ◆ Community Residence (CR)
- ◆ Residential Treatment Facility (RTF)

**What to do**

Send the original completed form to: Children's SPOA Coordinator  
Attn: Erin L. Velsini, LCSW-R  
Essex County Mental Health  
7513 Court St, P.O. Box 8  
Elizabethtown, NY 12932

To expedite the referral, FAX it to: SPOA Coordinator, Erin L. Velsini  
518-873-3777

It is also helpful to call the SPOA  
Coordinator to discuss the referral. Tel. 518-873-3670

**How decisions are made**

Upon receipt, the referral will be reviewed for completeness by the SPOA Coordinator. The referral is not considered complete until:

- SPOA application is completed in its entirety, including signatures on the attached release form
- Child and Family Team Services Request form is completed (with parent/guardian signatures as well as the team)
- Serious Emotional Disturbance form (SED form) completed and signed by a licensed professional

The Children's SPOA committee will make an assessment, determine eligibility, and assign the case to the appropriate level of care. The SPOA coordinator will be in touch with you prior to presenting the application to the committee to discuss the application.

**Questions?**

Call the Children's SPOA Coordinator at 518-873-3670 or email: [erin.velsini@essexcountyny.gov](mailto:erin.velsini@essexcountyny.gov)

## Children's Single Point of Access Application Part 1

### INSTRUCTIONS

Thank you for completing this application for the Children's Single Point of Access. When a child in our community is in need of assistance, we are always grateful to find out so that we can make sure that s/he is connected to the care and support that they and their family need.

The Children's Single Point of Access (C-SPOA) is operated by the Essex County government (Community Services) to enable families easy, streamlined access to the mental health services system regardless of their financial resources or insurance status. While C-SPOA does not provide any direct services, it can help a family to access the complete continuum of mental health services for a child. If you are in doubt as to whether the child about whom you are concerned should be referred to the C-SPOA, please make the referral.

The attached form requests information that will enable us to ascertain how best to begin serving this family.

- **Please complete this form no matter what kind of insurance the child has, or if the child has no insurance. C-SPOA services are available for all children in NYS, regardless of their insurance or immigration status.**
- **Please complete this form to the best of your availability- fields can remain incomplete if information is unavailable.**
  - If you have documentation of the child's diagnosis, please provide it, but we do not want you to delay the application gathering documentation.
  - The C-SPOA will be able to help capture any missing information once you submit this form to them.
  - If you need help with this form, please call the Children's SPOA Coordinator (Erin L Velsini) at 518-873-3670.
- **There are two consent forms attached to this application**
  - The Consent for Release of Information is **REQUIRED** in order for us to access the information we need to process this application. Therefore, we cannot process this application without appropriate consent signatures.
  - The Children's Single Point of Access (C-SPOA) Patient Information Retrieval Consent is **OPTIONAL**. This information will help us to coordinate services for the child, so it is helpful if the patient/guardian signs it, but it is NOT essential.

When you have completed this form, please submit it by email to [erin.velsini@essexcountyny.gov](mailto:erin.velsini@essexcountyny.gov) or by fax to (518) 873-3777, or by mail to: Erin Velsini, C-SPOA Coordinator, Essex County Mental Health, PO Box 8, Elizabethtown, NY 12932

## **ESSEX COUNTY SINGLE POINT OF ACCESS (SPOA) for CHILDREN'S SERVICES**

Check the box  for the service you are referring the prospective recipient to:

### **HEALTH HOME CARE MANAGEMENT**

A Health Home is a care management service model whereby all of an individual's caregivers communicate with one another, advocating across providers, so that all of the patient's needs are addressed in a comprehensive manner to meet personal goals. The Health Home Care Coordinator is responsible for identifying the recipient's needs (particularly those surrounding the eligibility criteria) and developing plans for support to ensure they have access to and participate in care including medical, social, and behavioral health services.

### **COMMUNITY RESIDENCE (Adirondack Youth Lodge)**

The Adirondack Youth Lodge is a 24-hour 8-bed Community Residence serving youth who have serious and persistent symptoms caused by a designated mental illness diagnosis. The program is certified by the Office of Mental Health and provides local treatment options for at-risk males and females (ages 12-18). Youth and their families are engaged in improving their relationships by being provided with intensive services both in and out of the home. Restorative interventions are tailored to meet the child "where they're at," while remaining focused on empowering their entire network of support. Some services provided are behavior support, educational/vocational support, family support, health services, and medication management.

**Additional documents required FOLLOWING SPOA endorsement of the referral:**

And Admission Packet

### **RESIDENTIAL TREATMENT FACILITY (RTF)**

A 'RTF' is within the inpatient system of care that provides an extended level of care for children with serious emotional disturbances. Consideration for RTF may include the level in which the child/family has participated in or had access to less intensive services/supports to help the child function safe in home, school, and community environments. The SPOA committee must endorse all RTF/PACC referrals. It is important that all local resources/services have been exhausted before a PACC referral is made.

**PURPOSE OR NEED FOR INFORMATION:**

Allow SPOA to: make referrals to appropriate providers; consult regarding care; participate in care management services; provide discharge planning information to the providers listed on page 2; coordinate care among providers and through Health Homes; and facilitate participation in services accessed through SPOA.

**I UNDERSTAND and ACKNOWLEDGE:**

- This information must not be used, disclosed, or re-disclosed for any other purpose not covered under this authorization;
- With some exceptions, health information once disclosed may be re-disclosed by the recipient. If I am authorizing the release of information related to HIV/AIDS-related, alcohol or drug treatment, or mental health treatment, the recipient is prohibited from re-disclosing such information or using the disclosed information for any other purpose without my authorization unless permitted to do so under federal or state law or regulation;
- I am authorizing the re-disclosure of above-described information to the providers identified on page 2 of this form for the purposes identified on this form;
- I have the right to revoke (take back) this authorization at any time. My revocation must be in writing on a form provided by County. I am aware that my revocation does not affect information disclosed while the authorization was in effect;
- I do not have to sign this authorization and that my refusal to sign will neither affect my ability to obtain treatment, nor my eligibility for benefits;
- I have the right to inspect and copy my own PHI to be used/disclosed (in accordance with the requirements of the federal privacy protection regulations found under 45 CFR § 164.524);

I HEREBY AUTHORIZE the use, disclosure, and re-disclosure of the indicated PHI by and to the parties identified on this release as often as necessary to fulfill the purpose(s) identified above, and this authorization will expire: (check one)

- When the individual named herein is no longer receiving services from County SPOA;
- One Year from the date of signature;                       Other: \_\_\_\_\_

I CERTIFY THAT I AUTHORIZE the use of the PHI as set forth in this document. By signing this authorization, I acknowledge that I have read and understand it. The facility, its employees, officers and physicians are hereby released from any legal responsibility or liability from the disclosure of the above information to the extent indicated and authorized herein.

Name of SPOA County

The SPOA Committee may get health information, including your child’s health records, through a computer system run by \_\_\_\_\_, a Regional Health Information Organization (RHIO) A RHIO uses a computer system to collect and store health information, including medical records, from your child’s doctors and health care providers who are part of the RHIO. The RHIO can only share your child’s health information with people who you say can see or get such health information.

The SPOA Committee may also get health information, including your child’s history of services reimbursed by Medicaid through a computer system called PSYCKES, which is run by the New York State Office of Mental Health. PSYCKES is a computer system maintained by the New York State Office of Mental Health that contains health information from the NYS Medicaid database, health information from clinical records, and information from other NYS health databases. For an updated list and more information about the NYS health databases in PSYCKES, visit [www.psyckes.org](http://www.psyckes.org) and see “About PSYCKES.”

If you agree and sign this form, SPOA Committee members are allowed to get, see, read and copy ALL of your child’s health information (including all of the health information obtained from the RHIO and/or from PSYCKES) that they need to arrange your child’s care, manage such care or study such care to make health care better for patients. The health information they may get, see, read and copy may be from before and after the date you sign this form. Your health records may have information about illnesses or injuries your child had or may have had before; test results, like X-rays or blood tests; and the medicines your child is now taking or has taken before. Your child’s health records may also have information on:

- Alcohol or drug use problems
- Birth control and abortion (family planning)
- Genetic (inherited) diseases or tests
- HIV/AIDS
- Mental health conditions
- Sexually transmitted diseases
- Medication and Dosages
- Diagnostic Information
- Allergies
- Substance use history summaries
- Clinical notes
- Discharge summary
- Employment Information
- Living Situation
- Social Supports
- Claims Encounter Data
- Lab Tests

Health information is private and cannot be given to other people without proper permission under New York State and U.S. laws and rules. The providers that can get and see your child’s health information must obey all these laws. They cannot give your child’s information to other people unless an appropriate guardian agrees or the law says they can give the information to other people. This is true if health information is on a computer system or on paper. Some laws cover care for HIV/AIDS, mental health records, and drug and alcohol use. The providers that use your child’s health information and the SPOA Committee must obey these laws and rules.

**Please read all the information on this form before you sign it**

**I GIVE CONSENT** for the SPOA Committee to access ALL of my child’s health information through the RHIO and/or through PSYCKES to provide my child care or manage my child’s care, to check if my child is in a health plan and what the plan covers.

**I DENY CONSENT** for the SPOA Committee to access ALL of my child’s health information through the RHIO and/or through PSYCKES; however, I understand that my provider may be able to obtain my information even without my consent for certain limited purposes if specifically authorized by state and federal laws and regulations.

## Children's Single Point of Access (C-SPOA) Patient Information Sharing Consent

### Details About Patient Information and the Consent Process

#### 1. How will SPOA providers use my information?

If you agree, SPOA providers will use your health information to:

- Coordinate your health care and manage your care;
- Check if you have health insurance and what it pays for; and
- Study and make health care for patients better.

The choice you make does NOT let health insurers see your information to decide whether to give you health insurance or pay your bills.

#### 2. Where does my health information come from?

Your health information comes from places and people that gave your health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plans (insurance companies), the Medicaid program, and other groups that share health information. For a list of the information available in PSYCKES, visit the PSYCKES website at [www.psyckes.org](http://www.psyckes.org) and see "About PSYCKES" or ask your treatment provider to print the list for you.

#### 3. What laws and rules cover how my health information can be shared?

These laws and regulations include New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and federal confidentiality rules, including 42 CFR Part 2 and 45 CFR Parts 160 and 164 (which are the rules referred to as "HIPAA").

#### 4. If I agree, who can get and see my information?

The only people who can see your health information are those who you agree can get and see it, like doctors and other people who work for the SPOA and who are involved in your health care and people who work for a SPOA provider who is giving you care to help them check your health insurance or to study and make health care better for all patients.

#### 5. What if a person uses my information and I didn't agree to let them use it?

If you think a person used your information, and you did not agree to give the person your information, call one of the providers you have said can see your records, the SPOA at \_\_\_\_\_, the United States Attorney's Office at (212) 637-2800, or the NYS Office of Mental Health Customer Relations at 800-597-8481.

#### 6. How long does my consent last?

Your consent will last until the day you take back your consent, or if the SPOA stops working, or three years after the last date of service from the SPOA, whichever comes first.

#### 7. What if I change my mind later and want to take back my consent?

You can take back your consent at any time by signing a Withdrawal of Consent Form and giving it to the SPOA. You can get this form by calling \_\_\_\_\_. Note: Even if you later decide to take back your consent, providers who already have your information do not have to take it out of their records.

#### 8. How do I get a copy of this form?

You can have a copy of this form after you sign it.
