SUBJECT: Addendum #3 LaChute River Trail Reconstruction

Responses to questions:

1. Q: Is the survey provided in the RFP from Kaaterskill Associates intended to be used for this project, or do we conduct our own survey?

A: If the survey included in the solicitation is opined to be insufficient, please cite this in your proposal as well as including costs for conducting any additional survey data the project will require for complete design.

2. Q: Can you please clarify if there is a need to provide a fee for Archaeological Evaluation?

A: At a minimum, a submission to the SHPO CRISS system needs to be provided to determine if the proposed project will require permitting. Respondents are advised to take this into account for their proposal scope and cost.

3. Q: Is it possible to see the LWRP grant application?

A: Our office does not release grant application or contract data from the communities we serve.
