DATE: July 20th, 2021

SUBJECT: Bid #2, Addendum #1 Wadhams WWTP Solar Array Bids

Responses to questions from bidders:

1. Is this bid ONLY to represent the scope of work involving Alternative 5B (array install)?

A: Yes

2. Per page 93 of the PDF document, the “costs associated with Alternative 5B” how are these to be used for reference? Are these the budgets?

a. Capital Cost: \$85,000 / Annual O&M Costs: \$1,400 / Life Cycle Cost: \$124,000

A: These are engineering estimates; as typical, this capital cost is assumed to be a budgetary number for the project.

3. Is this contract responsible for the PV system design?

A: Yes.

4. Is this contract responsible for purchase of all materials, including the PV modules?

A: Yes.

5. Do you have GEO report

A: No.

6. **Do you have a foundation design for the solar array supports**

A: No.

7. Do you have a shop CD showing total size / amounts of arrays .

A: No; this can be proposed by contractor to meet the performance specification in the bid.

8. Do you have a one line showing what the array will power – connect to ?

A: No; the solar array will tie into the “Lab & Storage Building” located adjacent to the area defined on the plans for the location of the solar array.
